A. FUEL ISLAND – SAVOY DEPT. OF PUBLIC WORKS

Levi Kopmann, Assistant Village Manager, Public Works/Engineer, explained as part of the FY 2019-2020 Capital Improvement Fund, the Public Works Department had requested quotes and would like to move forward with installation of a fuel island at the main Public Works Facility. Kopmann presented the Municipal Fuel Island Proposal with a basic picture and description of the dual-walled tanks that will be used, together with a controller to track who uses the fuel and what vehicle it is being used for. Quotes for the project amounted to \$38,768 and the amount allocated within the Capital Improvement Fund was \$50,000.

Trustee Brown asked if there would be a cost saving on gas by using the fuel island? Kopmann stated not that much, but it was just a convenience and better way to track who uses the fuel instead of credit card receipts.

Trustee Mangian asked about safety using the fuel island and would it impact Savoy's insurance? Kopmann stated there would be no impact on Savoy's insurance.

Trustee Niccum moved to approve the construction of a fuel island at the Public Works Facility for an amount not to exceed \$50,000, seconded by Trustee Brown;

B. UPDATING TORNADO SIRENS – SAVOY DEPT. OF PUBLIC WORKS

Levi Kopmann explained that the Village had participated in a working group with the surrounding communities and Champaign County EMA over the last year to assess the condition of, and to determine upgrades necessary for Savoy's emergency tornado sirens, and, as a result of this process, the working group had proposed performing upgrades during the fiscal year to all sirens in Champaign, Urbana, Savoy, and the University of Illinois. Kopmann presented the proposed Intergovernmental Agreement for review, together with a separate detailed breakdown of the upgrades and costs showing a total cost to the Village for the initial upgrades totaling \$1,745 and an estimated annual maintenance cost for the new system of \$289. He stated that funds for the initial upgrade were already included in the FY 2019-2020 Budget.

**Trustee Mangian moved to approve the Tornado Siren Intergovernmental Agreement between the City of Champaign, METCAD, City of Urbana, the Village of Savoy, and the Board of Trustees of the University of Illinois, as presented, and authorize the Village President to execute this Agreement dated 9-4-19, seconded by Trustee Shonkwiler; By Trustee vote: Brown, yes; Mangian, yes; Niccum, yes; and Shonkwiler; yes; Absent: Ruggieri and Vavrik
Motion carried.**

C. APPROVAL OF CHAMPAIGN COUNTY GIS CONSORTIUM INTERGOVERNMENTAL AGREEMENT

Levi Kopmann explained that it is anticipated that, following the next census, there may be additional communities joining the Champaign County GIS Consortium, and in an effort to provide information to those communities interested, the GIS Consortium Policy Committee had drafted an Intergovernmental Agreement detailing the expenses that would be incurred as the result of a new membership. Kopmann presented a memo from the GIS Policy Committee regarding the Intergovernmental Agreement and reasoning for the proposed changes. He also stated that the proposed revisions would not affect Savoy's membership or financial contributions to the group.

**Trustee Brown moved to approve the Champaign County GIS Consortium Intergovernmental Agreement between Champaign County, the City of Champaign, the City of Urbana, the Board of Trustees of the University of Illinois, the Village of Rantoul, the Village of Savoy, and the Village of Mahomet, as presented, and authorize the Village President to execute this Agreement dated 9-4-19, seconded by Trustee Mangian; By Trustee vote: Brown, yes; Mangian, yes; Niccum, yes; and Shonkwiler; yes; Absent: Ruggieri and Vavrik
Motion carried.**

Trustee Mangian stated with regard to Helton's report on plans and site plans for the next commercial structure from Sub4/Green Street Realty for a restaurant and additional unrented spaces for the area just North of the Industrial Donut building, she just wanted to make sure there is planning for outdoor seating in these locations, since that would be such a benefit for Savoy residents.

B. DISCUSSION ON MARIJUANA /RECREATIONAL CANNABIS ESTABLISHMENTS IN SAVOY

Village Attorney Marc Miller gave an overall summary of an Illinois Municipal League update dated 9-19-19 on Frequently Asked Questions – Cannabis Regulation and Tax Act-Public Act 101-0027.

Chairman Ruggieri asked for public participation on marijuana legalization to be effective January 1, 2020, and how it will impact Savoy.

Public Participation was as follows:

Joseph “Joey” Morton – Morton stated he was in favor of cannabis sales because of the tax benefits to the Village and because of the potential benefits of marijuana, citing a friend who had abused alcohol, but then turned to marijuana, and through the use of cannabis, he was able to actually return back to school and was essentially a stable member of society.

William Smith – Smith stated he was concerned that if the Planning Commission bans or allows dispensaries in Savoy, and if allowed, he would be against allowing it in open spaces, like the parks in the Village of Savoy where there are children and he believes if allowed, would be a detriment to Savoy. He also stated that St. Joe has made a decision not to allow it and Monticello did pass the tax sales of cannabis up to 3 percent.

Jim Onderdonk – Onderdonk also stated he also knows people who used recreational marijuana to deal with ailments such as Parkinson’s and MS and he believes there would be benefits for recreational marijuana such as 1) bring in revenue; 2) bring in jobs; 3) support agriculture; and 4) because it is legal; and doesn’t know why we should restrict a legal activity. Also, he doesn’t expect a dispensary to open in Savoy, but he thinks it would behoove us to have a welcoming policy and don’t discourage it.

Kris Hamblin – Hamblin stated she would prefer cannabis not be sold in Savoy, if it were to be, she was concerned about where it would be allowed to be used and how the policy would deal with impaired drivers.

Marilyn Hancock – Hancock stated she was in opposition, because her niece in Texas had been addicted to it and had been sent to a rehab and after rehab had continued to smoke marijuana in her home in front of her children, leading child protection services to not allow her to be alone with her children, ages 1 and 4, which made a stressful like for her as their mother, and this got to be very cumbersome. Hancock also stated that there are children involved in all of this too, and it is not just individuals who want to smoke marijuana making consequences for their children and for the adults.

Chairman Ruggieri thanked everyone for their input on this important topic.

Village Attorney Marc Miller clarified that once adult-use recreational marijuana becomes legal on January 1, 2020, it would be treated like tobacco and would not be allowed to be smoked in public places, including parks. Also, driving while smoking would be treated by law enforcement like any other impairment and was beyond the Village's control.

Miller stated the Board of Trustees really has three choices:

- 1) Do nothing;
- 2) Figure out concerns and limit areas to zone; and
- 3) Tax it by imposing a municipal tax up to 3% of gross receipts.

Miller also suggested that the Village might need to look at its personnel policy, since the law allows for restriction/prohibition of drug use, it probably makes sense to revisit drug policies in existing personnel policies to make sure of compatibility with both the Cannabis Act and Right to Privacy in the workplace.

Some of the Trustees said that in their conversations with Savoy residents, opinion seems split on the issue of allowing sales of marijuana.

Trustee Mangian said that she believes some are in favor of it and would collect the tax dollar, see it as a business and have no problem with it, and an equal number oppose it. So, at this point, there is no clear indication from the residents she has spoken with.

Trustee Mangian also presented a copy of an email she received from "Derryl" opposing recreational sales in the Village.

Trustee Niccum stated his cousin owns a dispensary in Colorado Springs and after conversations with him, he wasn't concerned about an increase in crime, but was about an increase in DUIs. Also, he did not believe farmers in our area would grow hemp because it is very labor intensive.

Trustee Ruggieri stated some similar concerns about driving while impaired by marijuana use, because he questioned, "What is the risk of danger to our citizens, and we all know, it is illegal to drink and drive in Savoy and people do that all the time". Ruggieri also expressed concern about what it would mean for the village's representation to allow sales and do we want to have that perception as being a Village that accepts dispensaries and do we as citizens of Savoy want it within our borders. Also, he thinks that's really the basic thing that Savoy needs to come to a decision on and we just need to get more information and more input from our constituents.

Trustee Brown stated he believes Savoy just needs to catch up and agrees with Ruggieri that Savoy needs to get more information and more input from its constituents.

Trustee Vavrik stated he wanted more information about what it would mean for the Village to have a dispensary, and what is the impact of a dispensary on a community? He also stated, under the new law, local towns can't prevent residents for using recreational marijuana in their homes, and consumption is going to happen in Savoy no matter what this Board of Trustees does at this point.

Trustee Shonkwiler stated he was worried with the number of alcohol related accidents, this will build on it and he is not in favor of allowing dispensaries in Savoy.

Trustee Niccum stated that September 30 is a tight deadline to make a decision on imposing a municipal tax up to 3% on gross receipts.

Attorney Miller stated that the City of Paxton made the decision on the tax only at this time and the City of Monticello said yes to the tax, but did not allow sales. So, it might be good to make the decision on the 3% tax if Savoy wants to get in.

President Dykstra stated she thinks it makes sense to wait and see how dispensaries work for other communities. Also, we can't do anything about marijuana in somebody's home and all the Board of Trustees are is a policy body of what we want in our community and she believes the Board should err on the side of caution and wait and see, since there is a dispensary really close to Savoy, so it's not like people from Savoy won't be able to buy marijuana. President Dykstra stated she is really concerned about the community. She would be in favor of it for medicinal purposes, but not for recreational.

Champaign Unit 4 School District:

Trustee Niccum presented information concerning the 2016 Referendum projects and how much over budget Unit 4 is spending.

3. ADJOURN:

**RE: AMENDMENT TO CHAPTER 6.04 ANIMAL CONTROL
OF SAVOY MUNICIPAL CODE**

DATE: September 20, 2019

Recently the Village received a communication from the Champaign County Humane Society advising the Village needed to update our animal control section of the Municipal Code. In general the Humane Society no longer impounds animals nor responds to complaints. Additionally, for the past several years the County does not provide animal control services to the Village but does do impoundments for the Village. The Village contracts for complaint services and utilize Village resources and Champaign County Sheriff for complaints.

Without going into great detail on each line in Chapter 6.04 Animal Control in the Code, staff has marked in red and green colors on the proposed amendment document attached hereto for your reference as to where the changes are needed.

Staff recommends the Board of Trustees approve the changes to Chapter 6.04 Animal Control of the Savoy Municipal Code as presented.

If you have questions, please contact me.

RE: MANAGER'S SEPTEMBER '19 REPORT

DATE: September 27, 2019

Included herein is a brief description of activities of the Manager through the month of September.

- **ECONOMIC DEVELOPMENT PROJECTS**

Staff continues working on several projects that range from office use to retail to food service and continue to discuss options each may have including taking advantage of TIF.

- **Staff is currently working on a number of projects. We are waiting on plans and site plans to review. Staff has received plans and permit applications for the next commercial structure from Sub4/Green Street for a restaurant and additional unrented space for the area just North of the Industrial Donuts building.**
- **Staff is working with the Plumbers & Pipefitters on a project for their current building and their vacant land.**
- **Staff has been working on the Recreational Cannabis issue. There have been 4 meetings so far and you directed staff to have an Ordinance created to levy a 3% tax on sales, an Ordinance be developed to Prohibit location facilities that sale the products and staff is to put together information and ground rules for the Zoning Ordinance directly regulating location, Special Use conditions, etc., that will be submitted to you at future meetings.**

Interest in Savoy remains good.

- **MEETINGS**

The new Airport Advisory Committee has begun meeting to put a plan together to move the facility in a direction that will make it more successful. President Dykstra is an active member on the Advisory Committee to maintain a Savoy presence and input. The Manager chairs a subcommittee that is looking at land use and zoning questions and will keep the Airport Advisory Committee informed on those issues. The Manager is attending the Advisory Committee's meetings now. The Airport Governance Committee meetings have been suspended until the Airport staff and Advisory Committee can take care of planning and future work to prepare for discussions and decisions on governance of the facility. **The Airport Entrance Road and Hartwell Road improvement project bids came in around 15% higher than the**

estimate and is being replanned with construction still planned for later this year. Staff was informed IDOT is requiring the project be rebid without the Hartwell Dr. portion being included. This will push the entire project back. It will also require the Village to seek bids independently from the overall project originally agreed to for the Hartwell Dr. portion. I'll keep you informed of any new developments. We continue to support the airport in their ongoing efforts to provide appropriate service to the airport. **Tim Bannon has been named the new Airport Manager.**

- Staff continues to work on issues related to Airbnb relative to potential ordinance violations in the Village. Staff is working very deliberately and researching the issue so appropriate decisions can be made that doesn't put the Village in a potentially liable position. President Dykstra convened an ad hoc committee to work with staff to prepare recommendations to the various Boards on how to proceed on this subject. A couple meetings have been held. Additional meetings will be held in the future. **Staff has received information from Champaign on how they will be handling the issue and are reviewing it to see if Savoy can utilize the same plan. Staff will continue to work on the issue with a plan to present something in the future.**

- **SUBDIVISION DEVELOPMENT**

Various subdivision phases are moving ahead at Fieldstone and Prairie Meadows.

- **TOWN CENTER PROJECTS**

Staff has had meetings with other property owners in the block pursuing potential acquisition of their properties. **Staff continues to work with a new developer on a project that is in the planning stage. Nothing new to report at this time.**

- **JONES PROPERTY**

The proposed purchaser of this property withdrew. The property is back on the market and there is a new interest. As things proceed in negotiations I'll keep you informed. **President Dykstra and staff began new discussions with a new interested party this week on a new and different idea for the property. We'll report to you as things proceed.**

- **CURTIS ROAD GRADE SEPARATION**

Staff has spent lots of time and effort working with staff from RPC and other agencies on preparing an application for federal and ICC funds to complete the grade separation at Curtis and Dunlap. **Although we had been given positive feedback and good encouragement when Joan and Levi met with officials in Washington D.C., we found out last month our application again didn't make the awards list. President Dykstra and staff had a phone debrief with USDOT officials to try to get an understanding of how our application fell short in the selection**

process. President Dykstra and Mr. Kopmann met with local legislators, a rep. from Congressman Davis' office and reps. From IDOT to discuss options. From that meeting there is more optimism on the viability in the project. We are confident our application is a good one and will make a few changes/additions for the next round as well as pursue another grant opportunity mentioned in our debriefing and legislator meeting that may be a decent options.

- **COMPREHENSIVE PLAN UPDATE**

Lots of meetings and discussions have been held over the past several months in the effort to freshen and update the Savoy Comprehensive Plan. Staff met with RPC staff recently to review the preliminary product so we can present the proposed finished Plan to the various Boards and Commissions soon. Staff has asked the various Boards and Commission to review the draft Comprehensive Plan and give any feedback prior to scheduling the combined meeting for final review. The 30 day public review and comment period is coming to a close and we will schedule a joint meeting with all Boards and Commissions to review and prepare for final approval in November.

- **PROJECTS IN PROGRESS**

1. Willard Airport – I am continuing my participation with the development group.
2. Boundary Agreement with Champaign – Staff is in ongoing discussions with staff from Champaign.
3. Savoy Elevator –The new owners have taken over the property and staff continues discussions with them on a plan. **Staff has held discussions with potential developers recently. They are putting materials together for further discussions.**
4. **Staff continues work with engineers and the City of Champaign to oversee the Prospect Ave. project. Feutz Construction is the general contractor on the project. Project construction started March 25th. The first phase is completed. 2nd phase is completed. The final phase began this month with a target to have the road open in November 2019 and final completion in Spring 2020.**
5. **Staff continues work on road projects with the Airport.**
6. **Staff is carrying the median project at Walmart and hope to see some progress soon.**
7. **The Manager and Assistant Manager are allocating lots of time assisting with things at the Fire Department. Lon Pitcher has been an excellent choice for Interim Chief. Plans are in place to begin interviews for a new Fire Chief in the next 30 days.**

- **MEETINGS & OTHER ACTIVITIES**

- Monthly Central Illinois Managers Meeting in Normal and Champaign area.

The Manager continues to represent the Village on many committees. Attendance at the Regional Planning Commission, County EDC, County CVB, County Chamber of Commerce Committees, the Metro- Intergovernmental Committee, RPC Technical and Policy Committees, CUUATS Technical and Policy Committees, GIS Policy Committee, CIMOA, ICMA, ILCMA and other things that come up from time to time take lots of time.

The Manager attended the annual Fall Tax Increment Financing Conference in Chicago. There are always new changes to the TIF legislation and program that affects everybody who has a TIF. The main thing gleaned from the conference this year was new requirements for extending an existing TIF, reusing a TIF and creation of a new TIF that makes it more challenging.

Many other activities keep the Manager busy. As always, should you have any questions about anything in this report or anything else, please let me know.

We have hired Ori Turner as a full-time employee to assist us in Auto Cad drawings and mapping as well as assisting in Fire and Life Safety inspections, property maintenance and building inspections.

One of the properties we had liens on has paid us in full which included fines. We still have one outstanding which we are having to use a lawn care business to continue mowing the property.

We recently required a multi-family development to hire a structural engineer to design the necessary corrections/repairs for existing decks and staircases which are deteriorating. This has been an on-going issue with few results. We have placed them on notice that the corrections need to be done ASAP or we will be forced to take further action. They are cooperating.

Re: Planning & Economic Development September Report
Date: September 27, 2019

ILLINOIS MUNICIPAL LEAGUE (IML) ANNUAL CONFERENCE – Last week, several village officials attended the annual IML conference in Chicago. Like last year (which was my first opportunity to attend), the sessions were very informative. FOIA/OMA, the “do’s and don’ts” of social media, municipal official ethics, among many others, were covered. The State of Illinois’s legalization of recreational cannabis/marijuana was obviously a hot topic. Many communities are trying to make informed decisions surrounding the new law, dispensary regulations, local zoning issues, and sales tax capture. The IML continues to be an important voice for municipalities around the state and staff certainly appreciates the opportunity to attend each year.

PLANNING AND DEVELOPMENT – This week, staff (and Village President) met with a motivated developer/investor who is interested Savoy properties. He brought to the table a concept that involved multiple components he and his partners are envisioning. Staff is considering their project/concept, as presented, to determine if their vision fits our future planning. If not, we will determine how best for their group to proceed. We are hopeful that subsequent discussions will take place in the near future. Another project of particular interest was recently brought to the attention of staff as well. You are all aware that greenspace plays a major part in Village “neighborhood” requirements and our future land use plan. We were made aware of a subdivision owner’s desire to commit/donate space for a park in one of our newest subdivisions. Staff will meet with them to discuss these plans when schedules permit. Further details will be made available when it is appropriate to share them publicly. Exciting things continue to happen in Savoy.

COMPREHENSIVE PLAN UPDATE – The “30-day Public Review” period for the Comprehensive Plan Update expired at the beginning of this week. A tentative date of Wednesday, November 6th has been chosen for the joint boards and commissions meeting at the Savoy Recreation Center. More details will follow when staff is able to confirm this date with the RPC “update” team. If you haven’t already, you still have time to forwarding any comments/concerns to staff ahead of time. This will allow for a productive and efficiently-facilitated discussion. Thank you to those who have already

done so. Staff is hopeful that a final draft can be completed and board-approved by the end of the year.

U.S. CENSUS 2020 – The Village of Savoy has been asked to submit a “letter of commitment” for our participation in the complete count of the residents in our community and county as a whole. This letter specifies our willingness to form a “Complete Count Committee” which will help disseminate census information, including educational materials and recruitment flyers, through a regional website, newsletters, and social media. As more details are given, I will pass them along to the board.
